lieve this closure is necessary to ensure the safety of visitors using Catoosa WMA and agency employees working in the area.

Since late June, vandals have placed nails, spikes, and nail-boards in fields, secondary roads, and trails on the WMA. TWRA officials believe this vandalism may be a reaction by a small group of individuals dissatisfied with recent changes in the management of wild hog populations on Catoosa.

As part of the overall strategy to address the increasing wild hog population on the Cumberland Plateau, an aggressive program to trap and remove wild hogs was initiated on Catoosa WMA in early June, according to Kirk Miles, TWRA Region III Wildlife Program Manager. Shortly thereafter, employees began finding nails and spikes in fields and along secondary roads accessing wild hog trap sites.

"Initially, we felt that we were able to effectively find and clean up the vandalized sites," Miles said. "However, the problem has escalated to the point that we no longer feel the area is safe for public use."

To date 13 tires have been damaged on TWRA trucks used on the WMA. Ten of the tires had to be replaced. Four tractor tires have had flat tires

repaired. One TWRA employee narrowly escaped serious injury when he stepped on a large nail.

According to Jim Lane, Catoosa WMA Manager, the vandalism has affected normal operations on Catoosa. "We have found nails and spikes of different sizes, from 2-inch nails to 10-inch spikes," he said. "We have also found homemade nail boards designed to be driven into the ground."

"They are not easy to find. Basically, we are forced to use metal detectors and cover large areas. It is labor intensive and takes a lot of time to find and clear vandalized locations."

Fortunately, damage to non-agency vehicles has been confined to one individual who had two tires flattened after traveling on a secondary road in the area. TWRA employees were able to assist the man who was traveling with his three children.

Although there are currently no hunting seasons open on Catoosa, the WMA is still heavily utilized by various users including horseback riders, hikers, and fishermen.

"We are very concerned with the immediate safety of current users on the WMA," said Miles. "Also, squirrel and deer hunting seasons are just around the corner and that is when the WMA is most heavily utilized."

TWRA will use the closure

period to find and remove as much of the dangerous material as possible. Catoosa WMA is approximately 80,000 acres of field and forest habitat. According to Miles, cleanup efforts will focus on fields, secondary roads, and trails.

"We have a lot of ground to cover," Miles said. "We will re-open Catoosa as soon as we can be reasonably assured it is safe. I am hopeful that we can reach that point sometime before our first deer hunt in October to allow small game and deer hunters the opportunity to hunt and scout the area."

TWRA is offering a reward of \$1,000 for information leading to the arrest and conviction of parties responsible for this vandalism. To provide information relevant to this case please call the TWRA Region III Hunting/Fishing Violation Number at 1-800-241-0767.

from his professionalism and his service. He will be greatly missed, but we thank Lt. Col. Wilson and wish him the best in his retirement," said Commissioner Gibbons.

On August 1, Major Dereck Stewart will be promoted to the rank of Lt. Colonel over the Support Services Bureau. Major Stewart has served as Executive Officer to the Colonel since September 2010. Prior to his promotion to Major, Stewart served as Captain overseeing the Research, Plan-

ning & Development Division. Stewart also served two years as Captain in the Office of Professional Responsibility and as a Lieutenant and Sergeant in the Training Center from July 1995 to January 2007. Stewart was commissioned as a Trooper with the Highway Patrol in December of 1987, serving in Montgomery County. Stewart serves as the Emergency Service Coordinator for the Department of Safety and Homeland Security. He is a 1997 graduate of the Northwestern University School of Police Staff and Command, and a 2009 graduate of the FBI National Academy.

"For the past 10 months, Major Stewart has been my right-hand man, assisting me in the day-to-day operations of the Highway Patrol. This experience, along with the many other accomplishments throughout his career, has prepared him for this new leadership role," said Col. Trott. "Major Stewart is an asset to the Highway Patrol and will help us grow and become an even better law enforcement agency in the future," Col. Trott added.

According to affidavits filed by Officer Emily Lawson, LCPD; on Friday, at approximately 12:17 AM, Of-

ficer Chris Law, LCPD attempted a traffic stop on a tan Dodge Ram pickup truck on Old 95 near Town Creek Road West. When dispatch ran the tag number through NCIC, the license plate was found to have been stolen out of Sweetwater.

The driver of the vehicle, who was later identified as James Maples, refused to stop and a pursuit ensued. Officer Lawson and numerous other officers joined the pursuit at the intersection of Town Creek Parkway at Town Creek Road West with their emergency equipment activated.

The middle passenger, who was identified as Kevin Arwood upon final stop of the

vehicle, was observed through the open back glass of the pickup truck to be pointing out directions, to the driver as to which direction and what roadways to flee on. Mr. Arwood was also looking back and smiling at pursuing officers.

The pickup turned onto a long gravel driveway beside 8795 US Highway 321 and proceeded into a wooded area where officers pursued the truck on foot for approximately 200 yards before the truck struck a tree on the driver's side and became stuck.

The three occupants were detained and taken into custody.

A check of the VIN through NCIC revealed

the vehicle was reported stolen out of Lenoir City.

Officer Law transported James Maples to the Loudon County Jail. Once at the jail it was observed Mr. Maples' eyes were glassy and bloodshot, he was unsteady on his feet and had a slight but distinct odor of alcohol on his breath and person.

Loudon was charged with public intoxication and a Blount County warrant.

The report states, Saturday around 1:00 AM, while at the Rocky Top

Shell Officer Bennie Houser, LPD witnessed an individual walk into the Shell very unsteady on his feet with a strong odor of an intoxicant about his person.

The officer made contact with the man

and identified him as Matthew Jason Stricklin. Mr. Stricklin told the officer he was buying coffee, not beer so he could sober up and said he walked from the motel.

It was discovered

Mr. Stricklin had a warrant out of Blount County. Officer Houser felt it was unsafe for Mr. Stricklin to be left in the public in his condition and placed him under arrest. He was transported to the Loudon County Jail where Blount County placed a hold on him.

**Police Beat**

Luis Perez Sanchez, 36, Commerce Street, Loudon was charged with domestic assault.

According to the affidavit; on Saturday, July 30th, 2011, at approximately 2:15 PM, Officer Jamie Pistole, LPD responded to a domestic call and made contact with Luis Sanchez's girlfriend. She stated Friday night she got into a fight with Sanchez.

The woman further advised Sanchez hit her several times and the reason she didn't call the police that night was because Luis would break her phone and hit her again if she was caught calling the police.

Officer Pistole noted in his report there was a red mark on the victim's left leg that appeared to be bruising, and she had a bruise on her left arm.

Later, on that Saturday, the officer received another call from dispatch reporting Sanchez was looking for his girlfriend and was causing another problem.

Once contact was made, Sanchez was arrested and transported to the Loudon County Jail.
