Horoscopes

some way -- especially at work or out in the world. You need more power, and while you could just wait for your reserves to fill back up, you may need to take on an ally.

Sagittarius 11/22-12/21
Your great energy is helping you to focus everything positive on one person or project -- and they should see a serious boost as a result! Your devotion is sure to be rewarded, too, though it may take time.

Capricorn 12/22-1/19
Work is harder than it ought to be today. Maybe you can't find any leads, maybe an important order has been delayed or maybe a client just got out of bed on the wrong side this morning. Persevere!

Aquarius 1/20-2/18
Your focus is harder to maintain today -- but it's not because of any internal factors! You may just find that your energy is better spent on things that outsiders bring up. It's certainly easier!

Pisces 2/19-3/20
You need to indulge yourself in a little fantasy today -- though not so much that you forget to lock up behind you or turn off the stove! That balance is all-important, but you can tilt a little if you like.

Aries 3/21-4/19
Things are really heating up -- maybe in a romantic way, maybe in relation to some other aspect of your life. See if you can get the right people to support you as you push things even further.

Taurus 4/20-5/20
Your ability to get beyond being offended or otherwise socially slowed down is heightened now -- but only if you work it! See if you can get your peers to back you up so you don't back down.

Gemini 5/21-6/21
Argue with the consensus today -- unless it's working in your favor, of course! You need to stir things up a bit just to get people thinking. It's your role, and you're quite good at it, so put on a good show!

Cancer 6/22-7/22
You usually like to think things out -- unless you get caught up in the heat of the moment. Today brings an opportunity to act on impulse without much consequence, and you should go for it!

Leo 7/23-8/22
Your creative powers are never in doubt, and today shows why that's so true. Things are looking good, but your off-the-wall ideas make them even sweeter for you and your people. Keep up the good work!

Virgo 8/23-9/22
You need to make sure that you're not just sticking to your routines as everything changes around you. It's essential for you to adjust your behavior to account for all the off-beat people nearby.

Libra 9/23-10/22
Lead the way to fun, profit, or world-changing -- your dynamic energy is exactly what the day needs. Once you've found a way to push it, you should easily find others willing to help it along.

Smokeout

in place now with free help from the Tennessee Tobacco QuitLine.

"Smoking is a preventable cause of illness and still causes nearly one in five deaths in the US. Encouraging smoking friends and family to join the Smokeout helps them take a positive step toward a healthier life for their families and themselves," said Health Commissioner John Dreyzehner, MD, MPH. "It's very tough to break the addiction to tobacco, and studies show those who get counseling have a better chance at success. Most smokers will make multiple quit attempts before they succeed, and the QuitLine is a

wonderful free resource to help people transition to a life free of tobacco and its serious health and financial costs."

Smoking is a significant public health issue in Tennessee, contributing to life-threatening health problems including cancer and heart disease. Data from the 2011 Behavioral Risk Factor Surveillance System show 23 percent of Tennesseans report smoking regularly or occasionally.

TDH leads statewide efforts to reduce and prevent tobacco use. Along with support for the QuitLine, TDH tobacco control activities include advocacy, education and community-based projects designed to prevent youth

initiation of smoking, eliminate exposure to secondhand smoke and promote quitting among current smokers of all ages.

As an example of TDH efforts to reduce smoking rates, the Bedford County Health Department has established a smoke-free campus effective Aug. 1, 2012. While the clinic has long been a smoke-free facility, local health leaders have extended the smoke-free area around the clinic building as part of a primary prevention initiative to prevent tobacco-related diseases in the community. The Van Buren County Health Department became a tobacco-free campus effective Nov. 1, 2012. Formerly designated smoking areas at the facility have been eliminated, and use of all tobacco products is prohibited on the clinic property, including parking lots.

The Tennessee Tobacco QuitLine offers personalized support for Tennessee residents who want to quit smoking by connecting them with

trained quit coaches to guide them through the quitting process. Clients receive ongoing professional coaching via individually scheduled calls with a quit coach personally assigned to them. Contact the QuitLine at 1-800-QUIT-NOW (1-800-784-8669) or visit online at www.tnquitline.com. This convenient and confidential service is free and available to Tennessee residents in both English and Spanish. The service is also available for the deaf and hard-of-hearing at TTY: 1-877-559-3816.

QuitLine clients also have complimentary access to relapse prevention techniques, printed resource materials, information on nicotine replacement therapies and other services to aid in the quitting process.

While quitting for at least one day for the Great American Smokeout, participants can think about the health improvements that happen almost immediately after quitting smoking. Within 20 minutes of quitting tobacco, heart rate and blood pressure drop. In 12 hours, the carbon monoxide level in blood

drops to normal. Two weeks to three months after quitting, circulation improves and lung function increases. One year after quitting, the risk of coronary heart disease is cut in half.

Contact the Tennessee Tobacco QuitLine today at 1-800-QUIT-NOW or www.tnquitline.com. This statewide toll-free telephone tobacco cessation treatment program is made possible through the Tennessee Department of Health. There is no charge to callers for services and callers have unlimited access to a quit coach through the QuitLine. Hours are Monday through Friday, 7 a.m. to 10 p.m.; Saturday, 9 a.m. to 6 p.m.; and Sunday, 10 a.m. to 4 p.m., Central time.
