Dead Man's Gun Misplaced

On September 10, 2012 my little and only brother lost his life to a gun shot wound to the chest.

Before or after his death his rolled up money with a rubber band around it in his left pocket was misplaced. He also had a small .22 pistol, one of two he owned, which was misplaced from his right pocket. His pistol could have been traded or sold on September 10th or shortly after.

I would like to pay the person that may have it \$200 to get it back. No questions asked. I don't want to know your name or how you got it. I would like to have it back cleaned of all fingerprints unloaded with the bullets in a bag.

Also, I do not have a Private Investigator following anyone. I have already told all what the Lord has told me from day one. There is nothing which has been concealed which will not be revealed and no secret which will not be known.

In other words, you can hide your secrets from people for a little while, but God sees All and He will bring it in to the light for all to see.

From June to August Ronnie Jaynes actions were a repeat of almost 14 years ago. The same as then, he may have told his friends that if he died in a certain way and it looked like an accident not to believe it. If he has told any of his friends something like that within the last three months of his life Please Call his oldest sister Tammy at 865-986-6018. If you have the pistol please call the same number. It was part of my brother for many years and I would like to have it back.

On a final note, my brother Ronnie had a heart like our mother. He loved his family and his friends. He would go a step farther and tell us he liked us with a smile and we all loved him more than he knew.

Thank You from Big Sister of Ronnie Ray Jaynes, Tammy. Please call if you have any information 865-986-6018.

tomers service where they returned the stolen items for a refund. The two received a refund of \$588.60 and were stopped by loss

prevention who had observed them. Amy Thornton Shipley, 35, of Sevier Avenue, Knoxville, and Tracy

Fuller, 28, of Sevier Avenue, Knoxville, were charged with theft under \$500. Officer Park, LCPD made the arrests.

Guilty Pleas Reached in Cases Involving Wild Hogs

NASHVILLE --- A pair of guilty pleas have been made in cases involving numerous charges with wild hogs in Moore and Lewis counties in Middle Tennessee.

Dr. Stacy Smith, of Lynchburg, pled guilty to 16 counts of illegal possession of wildlife. He also pled guilty to failure to use an approved source, failure to maintain records for a preserve, violation of a quarantine order, and criminal conspiracy. The veterinarian received a total of \$4,944 in fines and court costs.

Timothy Chapman, of Mt. Pleasant pled guilty to seven counts of illegal possession of wildlife. He received fines and courts costs totaling \$1,654 and loss of his hunting and trapping privileges for one year.

The cases involved a joint effort from the Tennessee Wildlife Resources Agency special investigation unit, wildlife officers from TWRA Region II & III, Moore County District Attorney, Lewis County District Attorney, and the Tennessee Department of Agriculture.

The Smith case was settled Aug. 7, while the Chapman plea agreement was made Sept. 17. The announcement comes as a reward program has now been established for information leading to a conviction of persons dealing in the sale, illegal transportation and/or stocking of wild hogs. A

reward of \$3,500 is now in effect and made possible by contributions from TWRA, the Tennessee Department of Agriculture, the Tennessee Farm Bureau Federation, and the Tennessee Ornithological Society.

Wild hogs cause extensive damage to farm crops, wildlife habitat, contribute to extreme erosion and stream pollution, and carry diseases harmful to livestock or other animals as well as humans.

A primary reason for wild hogs rapid spread is illegal movement by those who wish to establish hog populations for hunting in areas that may have little or no wild hog populations. Illegal transport and release is the leading contributing factor in the spread of wild hogs.

The TWRA is among the more than 20 entities from both private sector organizations and state government agencies that have signed a Memorandum of Understanding (MOU) agreeing to work cooperatively in regard to wild hogs. The partnership between the private sector and state agencies is working jointly to create and implement outreach tools to effectively disseminate information to the public, defining the problems associated with wild hogs in Tennessee and how the parties are working cooperatively to help landowners combat the problems associated with wild hogs.
