WMAs will hold the hunts, the bag limits, any antler restrictions and hunting implement types allowed on each

hunt. Applications are available and will be accepted at any TWRA license agent, TWRA regional office, or online at the TWRA web-

site at www.tnwildlife.org. Mailed applications will not be accepted. The applications must be received by midnight (CDT), July 25.

Sportsmen are reminded to read the instruction sheet carefully, fill out all requested information, double-check the form, and take it to a license agent where it will be entered into the system. When applying at any TWRA license agent, there is no fee for current Annual Sportsman License holders, Lifetime Sportsman License holders, or seniors possessing a Type 167 permit. For all other applicants, there is a non-refundable \$10 permit fee for each drawing entered plus a \$1 agent fee.

Hunters may also apply over the Internet at the TWRA website. There is no fee for current Annual Sportsman License holders, Lifetime Sportsman License holders, or seniors possessing a Type 167 permit. All other applicants, in addition to the \$2 internet usage fee, will be charged a non-refundable permit fee of \$10 per drawing entered. The \$2 usage fee is collected by the company that maintains the Internet site. (It is not a fee that is charged by the TWRA.)

TWRA's priority drawing system gives priority points (this year a maximum of 7 points) to hunters based on the number of years they have participated

without being drawn for a hunt. Applicants who were successful last year will start over with a priority of zero.

When applying at a license agent, hunters must remain at the location while the application is processed to verify the information, such as hunt codes and their TWRA ID number on their receipt, is correct.

After all the drawings are conducted, leftover permits will be sold by all license agents online on a first-come, first-serve basis beginning Aug. 29.

I am Bill Marcus, a candidate for the LCSB, First District, Seat A. Due to the heat and my work schedule, I may not be able to speak to everyone before the election to ask for your support. I have been on the school board for eight years and I am proud of the progress we have made. However, there are many challenges to address in the future and I feel that my experience in both business and education and the knowledge I've gained from serving on the board qualify me to make positive, fiscally conservative decisions. Even though the Director and administrators are responsible for making the administrative decisions, I enjoy attending and being involved in all of the school activities I can. Also, as a board member, I want to provide the means for the best educational system possible. I care about the future of our students and I am asking for your vote to enable me to continue working to improve the educational opportunities in Loudon County.
