Horoscopes

Horoscopes

Capricorn 12/22-1/19

There aren't many secrets today, so make sure that you're watching and seeing what comes your way. Things are looking up, but you still have some business to deal with first.

Aquarius 1/20-2/18

You can't handle all this madness unless you find a quiet space to just chill out and get your bearings. Things are sure to get better for you once you've found a little stability.

Pisces 2/19-3/20

Your romantic situation is getting better throughout the day. It could start from anywhere -- even near-perfect happiness - - but it's sure to improve bit by bit as the right person sees who you really are.

Aries 3/21-4/19

Listen to your gut -- or let someone else clue you in to their big hunch. Intuition is more powerful all around today, and you are sure to do well if you pay attention to more than mere logic.

Taurus 4/20-5/20

Your instincts are stronger than ever right now, so make sure that you're really listening to what your gut is trying to tell you. It may be especially subtle when it comes to romance or domestic issues.

Gemini 5/21-6/21

You are more possessive than usual today, which could result in some weird problems with friends or loved ones. Try not to take it personally if they spend time with

other people for a bit.

Cancer 6/22-7/22

Your emotional side is fully engaged, which may be partly a function of the time of year. It's also partly due to your amazing spiritual energy, which is deepening your experience and making life special.

Leo 7/23-8/22

Your deep warmth is making others feel welcome today -- even those who were unsure of their position just a few days ago. You make it easy to join whatever group you are a part of, so roll out the welcome mat!

Virgo 8/23-9/22

Your friends need some love, so give them what you've got. Incite them out for a pre-New Year's night out, or find some other way to show them how you feel. Warm their hearts!

Libra 9/23-10/22

Reach out to those who are closest to you -- especially any friends and family you haven't seen yet this holiday season. Your energy needs a refill, and it can only come from your people.

Scorpio 10/23-11/21

Ask for whatever you want today -- the odds are in your favor, but nothing comes your way without a request. You may have to track down the right person, and you're great at that.

Sagittarius 11/22-12/21

Your moods are the stuff of legend, and today they are bigger and louder than ever. You should pay attention and match your tasks and activities to your feelings -- it can be fun!
