hammer. After gaining entry into the residence, Ryan Monger took a Sanyo flat screen TV valued at more than \$500 but less than \$1000 from the residence in an at-

tempt to deprive the owner of his property.

The victim stated he did not have Ryan Monger consent to enter the residence nor did he give Ryan permission to take the TV from the residence.

Ryan William Monger, 27, of Hwy 70, Lenoir City was charged with aggravated burglary and theft of property \$500-\$1000. Sgt. Detective Charles Cosner, LCSO CID made the arrest and filed the charges.

Kiser

According to a warrant filed by Detective Jeff Russell, LCSO CID; on or about November 3, 2012 James Matthew Kiser and Gary Hill did go to a field located on Dry Valley Road in Philadelphia. In the field were several black cows. Mr. Kiser and Mr. Hill backed a cattle trailer up to a gate and loaded four cows and those cattle were taken to a location in Sweetwater at a Chris Gunter's residence.

The cattle were picked up the next day by Gary Hill and taken to Russellville, Alabama where they were sold at an auction house.

On or about the 5th of November the same two subjects, Hill and Kiser, along with Chris Lethcoe went back to the same field and loaded four more cattle and did the same and left them overnight at the same place and took these cattle to Athens Stockyard and sold them to an unknown person outside of the sale. Hill and Lethcoe took these cattle to the sale.

The victim did not give anyone permission to take these cattle.

James Matthew Kiser, 19, of Steekee Creek Road, Loudon was charged with theft over \$10,000.

Deputy Brad Rayfield, LCSO made the arrest.

around 10pm the trooper observed a dark colored passenger car traveling north-

bound on at 70mph on Hwy 11 just south of the justice center. The trooper turned around to attempt to catch the vehicle and was unable

to locate it at that time and turned around at the Lenoir City limits.

The trooper once again observed the vehicle at Huntsville Hol-

low Road and Browder School Road, but that time it was traveling at 74mph.

The trooper activated his emergency equipment and the vehicle turned onto Industrial Park Blvd nearly striking a deputy head on at a high rate of speed.

The trooper lost sight of the vehicle and later received a call that Loudon County had picked up Travis Cozart walking after he bailed out of the vehicle on Industrial Park Blvd.

Cozart was found to have a suspended license with 4 prior convictions for driving on suspended, from 2006 to 2011.

Travis Jerome Cozart, 38, of Carding Machine Road, Loudon was charged with driving on suspended 5th offense, reckless endangerment and felony evading arrest. Lt. AJ Yokley, LCSO made the arrest.

ing their healing powers for growing numbers of people. The Tennessee Department of Health is working to educate Tennesseans that some antibiotics are no longer effective for some people due to antibiotic resistance, a condition that can be created when antibiotics are overprescribed or misused.

"When we are not feeling well and visit our doctor, we may expect him or her to give us antibiotics to treat our illness," said TDH Chief Medical Officer David Reagan, MD, PhD, a specialist in infectious diseases. "It's important to know, however, that antibiotics are intended to treat bacterial infections, not viral infections. Since common colds are viral infections instead of bacterial, taking antibiotics can have dangerous side effects including causing allergic reactions, or unintended consequences such as decreasing their effectiveness when they are needed to treat bacterial infections."

The American College of Physicians estimates 50 percent of the 133 million courses of antibiotics prescribed in a year are not necessary because they are given for viral

infections. Other important reasons why antibiotic resistance develops are that patients don't finish taking the full dosage prescribed for a bacterial infection or they give the unused antibiotics to someone else.

"It's important to finish the full dose of antibiotics your doctor prescribes," Reagan said. "Take the directed amount each day and for the number of days as prescribed. For example, if your doctor instructs you to take two pills daily for ten days, you should not stop or cut back to one pill daily if you feel better in a shorter amount of time. If you don't follow the prescription instructions exactly, bacteria can still be in your body and, if not treated, can become resistant to future antibiotic treatments."

It's also important not to give unused antibiotics to others with similar illnesses. The person getting the drugs may not need them or may not get the dosage needed, and can also develop antibiotic resistance or suffer serious side effects.

Antibiotics trace their history to 1928, when the first naturally occurring one, penicillin, was discovered. They gained widespread acceptance

in the 1940s, significantly reducing death and illness from many infectious diseases. Because of widespread misuse of antibiotics, the Centers for Disease Control and Prevention now lists antibiotic resistance among its top public health concerns. To learn more, visit: www.cdc.gov/drugresistance/about.html.

The mission of the Tennessee Department of Health is to protect, promote and improve the health and prosperity of people in Tennessee. For more information about TDH services and programs, visit <http://health.state.tn.us/>.

plained how it could be theirs as soon as they "sow a thousand seeds". Yes, this preacher was selling God's power for one thousand dollars! Fortunately though, he accepted credit cards, debit cards or even a personal check, but he wasn't asking that God's name be written in the payable line.

I immediately changed the channel but then began to wonder how many folks actually fall for this false teaching and give their hard earned money to someone like this man. I whole heartedly believe

that people like this will pay dearly one day for what they are doing but it has bothered me all day so I thought we could talk about it as God describes it in His program, The Holy Bible!

In a day that each of us are making less and paying more, no one wants to be reminded about giving God the ten percent of all that He has given as a tithe (see Deuteronomy 26:1-15) and there are even less folks wanting to hear about giving above that amount as an offering to God in appreciation of His never ending love for us. But what does the Bible say?

Malachi 3:8-10 (NKJV) (8) "Will a man rob God? Yet you have robbed Me! But you say, 'In what way have we robbed you?' In tithes and offerings. (9) You are cursed with a curse, for you have robbed Me, even this whole nation. (10) Bring all the tithes into the storehouse, that there may be food in My house, and try Me now in this," says the Lord of hosts, "If I will not open for you the windows of heaven and pour out for you such blessing that there will not be room enough to receive it.

II Corinthians 9:6-8 (NKJV) (6) But this I say: He who sows sparingly will also reap sparingly,

and he who sows bountifully will also reap bountifully. (7) So let each one give as he purposes in his heart, not grudgingly or of necessity; for God loves a cheerful giver. (8) And God is able to make all grace abound toward you, that you, always having all sufficiency in all things, may have an abundance for every good work.

My friend the truth today is simple and biblical; God is not for sale! God does not dish out faith and miracles because you write a check to some thief on the television. The power of God, through the Holy Spirit, lives within each Christian and can be easily accessed through repentance of sin and by trusting God to lead us in all of our daily decisions including spiritually, physically and financially. God doesn't want our money, He wants us to have such a relationship with Him that we will want to use some of our money to serve Him and help others. That's what loving like Jesus is all about!

The ten percent that God does require may help keep the lights turned on at the church house but it is giving from our hearts out of love that puts missionaries on the ground in remote villages around

the globe. I didn't get the feeling that the TV preacher was trying to spread the gospel of Jesus to a lost world with your money, just sayin.

Here is what the Bible says about obtaining and applying faith..... for free!

Romans 10:17 (NKJV) Faith comes by hearing, and hearing by the word of God.

James 2:14-18 (NKJV) (14) What does it profit, my brethren, if someone says he has faith but does not have works? Can faith save him? (15) If a brother or sister is naked and destitute of daily food, (16) and one of you says to them, "Depart in peace, be warmed and filled," but you do not give them the things which are needed for the body, what does it profit? (17) Thus also faith by itself, if it does not have works, is dead. (18) But someone will say, "You have faith, and I have works." Show me your faith without works, and I will show you my faith by my works.

I hope and pray that you can take three things from today's

Good News message; (1) A true relationship with Jesus, including the awesome power of the Holy Spirit, does not cost you one red cent; Jesus paid the price for all of us. (2) A tithe to your church, 10% is expected from Christians after salvation is obtained, leaving you 90% of the 100% God gave you in the first place. (3) Any additional love offerings to God will not grant you faith or miracles but will entitle you to the abundant blessings described in Malachi chapter 3. You can't out give God!!

Angie and I always encourage folks to give back to God, but only to ministries that advance the gospel of Jesus Christ to others. Be wary of thieves who steal from God. We choose to support missionary families who we know are sharing the gospel with lost people around the world. To see who God has led us to support, check out www.bigskysfellowship.org or www.gospelrooted.org. These two groups are truly "Loving Like Jesus". Joke of the Day

When a car skidded on wet pavement and struck a telephone pole, several bystanders ran over to help the driver. A woman was the first to reach the victim, but a man rushed in and pushed her aside. "Step aside, lady," he barked. "I've taken a course in first-aid!"

The woman watched for a few minutes, then tapped him on the shoulder. "Pardon me," she said. "But when you get to the part about calling a doctor, I'm right here."
