Serial Killers

Part 1: The FBI's Role Takes Shape

Seventeen years ago yesterday—on September 9, 1996—a teenager disappeared from her home in Spotsylvania County, Virginia. Tragically, she was found dead the following month. The next May, two sisters in the same county went missing after coming home from school. Five days later, their bodies were found

in a river about 40 miles away.

This trio of murders was the work of a serial killer named Richard Marc Evonitz. It took another five years for him to be identified. In June 2002, after a teenage girl managed to escape from a kidnapper in South Carolina, she identified Evonitz as her abductor. He fled

(see FBI pg. 8)

Verse of the Day

In the same way, count yourselves dead to sin but alive to God in Christ Jesus. Therefore do not let sin reign in your mortal body so that you obey its evil desires.
— Romans 6:11-12

Car Fire

Jessica Bahr, 31 Waller Circle, Philadelphia was charged with Possession of SCH. II & Possession of SCH. VI, & Possession of a Suspended driver license.

According to the report, Deputy Burley responded to a possible vehicle fire on interstate

75. Upon arrival Deputy Burley was met by Jessica Lynn Bahr who advised she was driving the vehicle on fire. After receiving identification from Jessica Bahr it was discovered by Loudon 911 that Ms. Bahr driving privileges were suspended. Ms. Bahr had a noticeably dry mouth and white foam coming from the

edges. Bahr was also nervous and evasive in answering question.

After speaking with Bahr she admitted to having methadone in a prescription bottle, also she had in her purse oxycodone and did not have a prescription for them. Jessica Bahr was placed under arrest. Deputy Brandon Burley, LCSO made the arrest.

Police beat

Patsy Thomas, 54 Church St. Loudon, was charged with Driving under the influence. According to the report, while on routine patrol

Deputy J.C. Schultz observed a white vehicle stop in the middle of the intersection of HWY 11 and 72. Deputy Schultz stopped the vehicle in front of the Loudon pool. Deputy could smell the odor of alcohol when he approach the vehicle. The driver of the vehicle was Ms. Patsy Thomas. Ms. Thomas speech was slurred and she was unsteady on her feet. SGT. Bowen performed field sobriety test. Ms. Thomas performed poorly on

test and was placed under arrest. Deputy J.C. Schultz LCSO made the arrest.

Poinsettia Pealo, 31 Poplar Spring Rd. Loudon, was charged with Contempt of Court. Officer Gentry stopped defendant vehicle for having a tail light out. After running Ms. Pealo's name through NCIC dispatch advised me that there was an active Warrant. Ms. Poinsettia Pealo was taken into custody. Officer Brandon Gentry LCPD made the arrest.

James Evans III, 31 Roger Circle Lenoir City, was charged with Violation of Probation. Deputy John Bearden LCSO served Mr. James Evens III with the VOP Warrant in the Loudon Co. Jail.

FBI

to Florida and committed suicide as authorities closed in. Valuable trace evidence collected by the FBI later definitively linked him to the murders of the three Virginia girls. He is suspected of more homicides and other attacks.

Although relatively rare, serial killings have both horrified and fascinated the American people for decades. Serial murderers (see sidebar for the FBI's definition) have existed throughout history, and have been popularized by such killers as Jack the Ripper in England and Herman Webster Mudgett in the United States in the late 1800s. The exact origin of the term serial killer or serial murderer is not known, but it appears to have come into use in law enforcement

circles in the 1970s and more commonly in society in the 1980s and 1990s.

Over the years, the FBI has played a slowly evolving role in addressing the threat of serial killers. In its earliest days, few violent crimes fell under the Bureau's jurisdiction. It depended on where the crime occurred—if it was on government property, the high seas, or certain Indian reservations, the FBI took charge. In the 1930s, the FBI became a household name as it tackled violent gangsters and gained more law enforcement authorities in the process. In the 1950s and '60s, the Bureau supported local and state law enforcement in some high-profile serial killer cases like the Boston Strangler and the Zodiac Killer of Northern California.

It was in the 1970s, however, that the FBI's role in addressing serial killers began to grow as new capabilities were developed. Building on earlier work in New York and elsewhere, Special Agent Howard Teten and others in the Bureau began to apply the insights of psychology and behavioral science to violent criminal behavior in a comprehensive way. Since then, the FBI has become a leader in behavioral analysis, providing an array of support and training to help identify serial killers and to prevent future violence.

The FBI's involvement in serial killer cases has also evolved under federal law. For example, the Bureau was authorized to investigate violent crimes against interstate travelers in 1994 and serial killings specifically

in 1998. The FBI may investigate only when requested to do so by an appropriate law enforcement agency. The Bureau is also authorized to provide a variety of support services, from laboratory and behavioral analysis to crime statistics collection and the sharing of criminal identification

and history information through our longstanding services and systems.

In the coming months, FBI.gov will examine the Bureau's role in addressing serial killings in more detail, including our work in some of the most horrific serial murder investigations in the last 40 years.
