1,500 new jobs in Gibson County,” Haslam said. “The new facility will be Tyson’s fifth location in Tennessee and it means a great deal that a company of this magnitude continues to grow its footprint in our state. I appreciate Tyson for its continued commitment to Tennessee and for helping us get one step closer to our goal of making Tennessee the No. 1 location in the Southeast for high quality jobs.”

“Today’s announcement that Tyson Foods will invest \$300 million and create 1,500 jobs is great news for the people of Gibson County,” U.S. Sen. Bob Corker said. “Companies continue to thrive in Tennessee because of our strong business climate and commitment to workforce development, and I applaud Governor Haslam and Commissioner Rolfe for all they do to make investments like this possible.”

Tyson Foods is one of the world’s largest food processing companies. The company produces chicken, beef and pork, as well as prepared foods. The company offers food products under Tyson, Jimmy Dean, Hillshire Farm, Sara Lee, Ball Park, Wright, Aidells and State Fair brands. Tyson currently has four facilities in Tennessee and employs approximately 5,000 Tennesseans.

“I want to congratulate Tyson Foods on locating its new facility in Gibson County,” Rolfe said. “Tyson’s

decision to select Humboldt to invest over \$300 million and create 1,500 new jobs will be transformational to this area of West Tennessee. Tyson has been a great partner to our state for 45 years, and I want to thank the company for making the largest investment in Gibson County’s history.”

“Our company has been successfully producing chicken in Tennessee for more than 45 years, so we’re pleased to expand our presence in the state with this major investment,” said Doug Ramsey, group president of poultry for Tyson Foods. “We’re grateful for the invitation to become part of Humboldt and Gibson County. The location is attractive to us because of the strong support we’ve received from state and local leaders, the existing industrial park and availability of labor, as well as access to feed grains produced in the region.”

Tyson will locate its new facility on the Select Tennessee Certified Gibson County Industrial Park North site in Humboldt. The new facility will operate as a tray pack facility, which will include a hatchery, processing facility and feed mill. The facility is set to be fully operational by 2019.

“We are proud that Tyson has chosen our state and this community for this project,” Commissioner of Agriculture Jai Templeton said. “Every new job benefits a family. Every new market opportunity for poultry and grain producers benefits our farmers. Every

dollar invested benefits surrounding counties. nessee prospers.”

Zachary Carlin, 22, Abbott Road Lenoir City, was charged with DUI, Open Container, and Violation of Implied Consent.

Deputy A. Parton observed a silver Ford Taurus traveling on Old Hwy. 95 at a slow rate of speed. Deputy then turned around on the vehicle and followed it while observing continued slow speeds less than 30 mph. Deputy then observed a tag light missing on the vehicle and stopped it at the entrance to Executive Meadows subdivision.

Upon contact with the driver now identified as Zachary Carlin Deputy could smell the odor of an alcoholic beverage coming from him.

While speaking with Mr. Carlin Deputy observed that he had slurred speech and appeared drowsy. Deputy also observed several empty beer cans in the vehicle.

Deputy asked Mr. Carlin if he had consumed any alcohol earlier and he stated that he had his last drink around 11:00pm and then went to sleep. Deputy asked Mr. Carlin if he would consent to a field sobriety test and he stated that he would. During the Horizontal Gaze Nystagmus Test Deputy observed the lack of smooth pursuit in each eye, a distinct and sustained nystagmus at maximum deviation, and an onset of nystagmus prior to 45 de-

grees.

Deputy then explained and demonstrated the walk and turn test to Mr. Carlin. During the instruction phase Mr. Carlin had his right foot in front of his left and then placed his feet side by side. During the test Mr. Carlin missed heel to toe on eight of his 18 steps, improperly turned by spinning around on the ball of his feet.

Deputy then explained the one leg stand to Mr. Carlin and during the test Mr. Carlin used his arms for balance, put his foot down several times, and swayed while balancing. After the test Deputy read the implied consent to Mr. Carlin to which he refused to provide any sample for testing. Deputy then placed Mr. Carlin into custody and inventoried the vehicle for tow. During the inventory Deputy recovered a empty Early Times bottle from the passenger floorboard and a beer can under the drivers seat.

Deputy then transported Mr. Carlin to Loudon County Justice Center with no further incident. This did occur in Loudon County, Tennessee.
