Overton County Clerk Created Fake Vehicle Titles to Obtain Personal Loans

An investigation by the Tennessee Comptroller's Office, working in conjunction with the Tennessee Highway Patrol and the Tennessee Department of Revenue, has resulted in findings related to the Overton County Clerk.

The investigation reveals that the official, working in her capacity as clerk, altered vehicle titles to im-

properly generate new registrations and titles. She then used these titles to obtain personal bank loans. Key findings from the investigation include:

The clerk altered a title for a 1949 Cadillac to indicate that it had been sold to one of her family members; then altered the date of the sale to represent that it had been recently purchased. The 1949 Cadillac had been de-

stroyed in a garage fire around the year 2000. The clerk registered the title with the state and used the new, false title as collateral to obtain a \$15,000 personal bank loan.

The clerk altered the transaction information on the title for a 1979 Ford. Although this vehicle no longer exists, the clerk regis-

Horoscopes

things against your will or better judgment, it becomes obvious that logic and reason don't always apply to this world. Don't even try to understand, Cancer, just enjoy!

Leo 7/23-8/22

The day ahead should be excellent. You've been searching for meaning behind recent events. No doubt there have been a lot of changes both at work and at home. You're bursting with new ambition. Today, Leo, you're likely to put all these experiences into the hopper, stir them up, and be grateful for the thrilling life you lead right now! You may not get a specific answer. Sometimes feeling grateful is an answer all its own.

Virgo 8/23-9/22

You'll probably be perfectly in tune with the day ahead, Virgo. Of course, there are days when it's tempting to run away from the reality of the moment and its hardships. At times like today, you're so compassionate that you find it easy to listen to others, and life is truly rewarding. People find your company soothing and pleasant, and they are likely to thank you for it.

Libra 9/23-10/22

Don't even try to understand what's happening today, Libra, because you won't be able to fathom it. Collective currents of concern are imposing upon your life and you're powerless to stop them. Some soul searching may help. True, at the moment you do feel like you're just a grain of sand in a vast universe, but is

that really so bad?

Scorpio 10/23-11/21

This kind of strange day doesn't occur often, Scorpio. You no longer seem to know what you want. Work or time off? Redecorate your house or live in a beach shack? It's hard to communicate because you feel it's pointless to try to explain your point of view, especially when you don't know what it is. The best thing to do may be to unplug from your usual activities and go for a walk. This confusion will pass.

Sagittarius

11/22-12/21

Do countries abroad represent real opportunities for you, Sagittarius? This is a question that you'll soon have to answer. The grass may be greener on the other side of the world, but have you considered the possibility that it isn't? Could it be that the dream of working abroad is a convenient explanation for the dissatisfaction you feel at work? It's important to solve this riddle, because you'll soon make some key decisions that depend on the answer.

Capricorn 12/22-01/19

Today won't be like most other days, Capricorn. Look around and you'll see that people either have their heads in the clouds, are depressed, or seem to be trying to keep up a good front. The planetary atmosphere is such that a lot of people - and you in particular - feel frustrated by an inability to realize their dreams. This is a difficult situation to be sure. Know that it will pass.

Aquarius 1/20-2/18

If you were offered the opportunity to take a trip around the world, where you would see wonderful palaces and experience a timeless love affair, would you take it? The freedom would tempt you, without a doubt, but would it make you happy, Aquarius? Have you considered the possibility that you can create an environment here at home that gives you that same sense of freedom?

Pisces 2/19-3/20

Today might be a bit difficult, Pisces, because you aren't likely to be as productive as usual. You won't have much to say, and you'll feel sleepy and somewhat grumpy. In other words, it's the perfect day to go back to bed with that novel. Take a nap - or several naps - and follow your desire to do as little as possible. There will be plenty of time to catch up on work.

Aries 3/21-4/19

You certainly are in a strange mood today, Aries. True, things have been going smoothly for the past few days, but be careful not to fool yourself. "Pride comes before a fall," as the expression goes. You should be wary of the way you treat your lover now. You're likely to be dismayed by your sweetie's attitude, yet you're the one who has strayed from reality.

Taurus 4/20-5/20

It will be as though you're in a new, hopeful world today, Taurus. The people you meet will be cordial and caring, and the future will seem like a bright, attractive place to live. In other words, you feel as though you're living in a fabulous dream. Alas, the alarm clock is bound to wake you up soon. Enjoy the sweet reality of the day ahead while it lasts.

Gemini 5/21-6/20

Because your tendency recently has been to brood over everything, Gemini, a day like this can't be anything but beneficial. It has been difficult for you to find material satisfaction of late, but today offers you a view into the world of the intangible and unreal. You may find it especially gratifying to participate in an artistic or religious activity.

tered the vehicle with the state and used the new, false title as part of the collateral to obtain a \$28,000 personal bank loan.

During an interview with Highway Patrol and Revenue investigators, the clerk admitted to altering titles to obtain loans, and she stated she never took possession of the vehicles in question.

The clerk also manipulated and/or avoided paying sales tax by declaring vehicles as gifts, thereby falsifying county and state records. In one instance, the clerk sold a vehicle to a mechanic to whom she owed money and allowed it to be registered as a gift to the buyer.

Investigators also discovered that the clerk had misappropriated county-owned assets when she removed office furniture, equipment, and some flooring from the clerk's office space. The clerk did not obtain approval from the Overton County Executive. The office furniture and other equipment was loaded into a trailer and taken to private property.

The results of this investigation have been communicated with the Office of the District Attorney General of the 13th Judicial District.

"Public officials must conduct government business with a high level of integrity," said Comptroller Mumpower. "Falsifying transactions and creating erroneous tax exemptions violate state guidelines and statutes. Citizens expect their elected officials to demonstrate both personal and professional ethical conduct."
