## Highly Pathogenic Avian Influenza A (H5N1) Virus Infection Reported in a Person in the U.S.

*CDC's Risk Assessment for the General Public Remains Low*

A person in the United States has tested positive for highly pathogenic avian influenza (HPAI) A(H5N1) virus ("H5N1 bird flu"), as reported by Texas and confirmed by CDC. This person had exposure to dairy cattle in Texas presumed to be infected with HPAI A(H5N1) viruses. The patient reported eye redness (consistent with conjunctivitis), as their only symptom, and is recovering. The patient

was told to isolate and is being treated with an antiviral drug for flu. This infection does not change the H5N1 bird flu human health risk assessment for the U.S. general public, which CDC considers to be low. However, people with close or prolonged, unprotected exposures to infected birds or other animals (including livestock), or to environments contaminated by infected birds or other animals, are at greater risk of infection.

CDC has interim recommendations for prevention, monitoring, and public health investigations of HPAI A(H5N1) viruses.

CDC is working with state health departments to continue to monitor workers who may have been in contact with infected or potentially infected birds/animals and test those people who develop symptoms. CDC

see CDC pg 5

### Verse of the Day

If anyone speaks, he should do it as one speaking the very words of God. If anyone serves, he should do it with the strength God provides, so that

in all things God may be praised through Jesus Christ. To him be the glory and the power for ever and ever. Amen.

—1 Peter 4:11

Sunday: Partly cloudy.

High of 79F.

Sunday night: Overcast.

Low of 58F.

**Charged**

Anthony Aaron, 42, North Broadway Knoxville, was charged with Disorderly Conduct.

According to the report, Dep A Slemm made contact with Dep C Moore and Dep M Brannon in the Court Lobby of the Loudon County Justice Center. Arriving before me were Sgt. Cole Rogers and Dep C Bengel. Dep Moore reported witnessing a white male, later identified as ANTHONY M AARON, speaking with the Clerk's Office regarding a previous arrest by THP and became irate during the en-

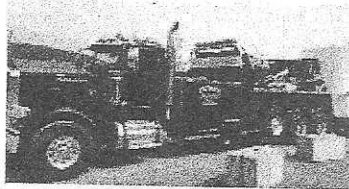

counter. AARON was approached by Dep Moore and asked several times to calm down and stop cursing. After refusing, he was asked to leave. Dep Moore reported he then refused and began cursing louder and causing a greater disturbance within the lobby. Dep Moore reported when he was asked again to leave, AARON then turned to her and began cursing her directly with loud volume. Dep Brannon reported witnessing this exchange, stating AARON yelled loudly "F&\*^ you" and "I don't f\*&^ing like you" - then turned directly to Dep Moore

and approached her directly. AARON was then placed in handcuffs and patrol officers were summoned to the lobby. Based on verbal and written email statements from Dep Moore and Dep Brannon, AARON is being

charged with a violation of TCA 39-17-305 Disorderly Contact. Officer transported AARON to the Loudon County Corrections Facility. Said did occur in Loudon County, TN. (BODY CAMERA - Dep C Moore 374).

**Trespass**

Chelsey Coker, 27, Sunnyside Road Philadelphia, was charged with Criminal Trespass.

Deputy Stanley LCSO, responded to a call regarding an unwanted guest at W Lee Highway. Upon arrival, the deputy made contact with the property owner who advised that Chelsey Coker was inside his residence without permission. Prior to his arrival, the deputy was informed by Dispatch that Chelsey had been criminally trespassed from

that property, as well as the house besides that (Sunnyside Road).

The deputy, along with officers with Loudon Police Department checked the residence at, and later located Chelsey inside the residence at Sunnyside Road where she was also trespassed from. Chelsey Jo Coker was placed into custody on the charge of Criminal Trespassing, and transported to the Loudon County Jail without incident. All occurred in Loudon County.

**PUBLIC NOTICE**

**WATER SYSTEM FLUSHING PROGRAM**

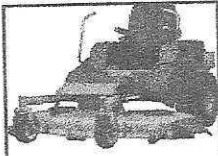

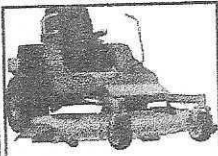

The Lenoir City Utilities Board (LCUB) and Lenoir City Fire Department will be conducting our semi-annual water distribution system wide flushing program per Tennessee Department of Environment & Conservation Water Quality Control Requirements. The Flushing Program will occur for LCUB customers on Sunday, April 14, 2024, from 6:00 p.m. until 2:00 a.m. thru Saturday, April 20, 2024, until 3:00 p.m. The program goals are to identify problems in the water system and ultimately have them corrected. When fire hydrants are flowed, iron deposits in the water lines become agitated. This may cause a brown discoloration to the water in the area which is being flushed. This condition is only temporary and will normally correct itself in a number of hours. During this period of flushing, LCUB recommends that you flow your cold water prior to use to determine if there is any discoloration. While the water is still safe for consumption, we recommend not laundering white clothes without first testing the water for discoloration. If your water is discolored, it will clear up on its own under normal usage over a period of time. It is also best to limit the use of your hot water until the water flows clear as this will keep the iron deposits from going into your water heater. You may also notice a drop in water pressure during these times; however, the water pressure should return to normal within a short period of time. If you continue to experience difficulty with your water pressure or continue to have discoloration of water on Monday, April 29, 2024, please contact LCUB at 1-844-OUR-LCUB (687-5282) to report the problem.

Loudon County Republican Women meets the 4th Monday of Apr, July, Aug, Sep, and Oct; and the 3rd Monday of May, at the Avalon Community Clubhouse (140 Deerfield Court; Lenoir City, TN 37772). Social time at 5:30 pm; meeting at 6:00 pm.

Further information, contact President Sandy Kennel 1-615-429-0010. Follow the Loudon County Republican Women (LCRW) on Facebook to keep up-to-date.

**Stop**

Christopher Lee, 35, Gateway Circle Philadelphia, was charged with Driving on Revoked/Suspended License, Simple Possession, Display of Registration, and Financial Responsibility.

Officer Valletto LPD, conducted a Traffic Stop on a White Gmc Sonoma on Hackberry Street for improper display of registration. When Officer made contact with the driver he identified him as Mr. Christopher Lee, upon further investigation Mr. Lee could not provide me with Valid insurance, Vehicle registration or a Valid license. At that time the officer ran his name and date of birth through our 911 call center and Mr. Lee's License status came back as revoked. At that time the officer placed Mr. Lee into my custody and transported him

to the Loudon County Jail, While at the jail Mr. Lee was asked if he had anything on his person that was illegal and he then admitted to the officer and the booking Corrections Deputy that he had prescription drugs hidden in his person. The Corrections Deputies then located 4 prescription drugs identified as Gabapentin hidden in a sharpie in his rectal cavity. These actions did occur in the City of Loudon

**Free Clinic**

The Oakridge Mobile Free Clinic will be in service at the Blairland Baptist Church in Loudon on Saturday May 18th from 8:30am thru 3:30pm. Free medical care will be available to everyone 18 years old or older. The clinic will provide free physical exams, blood tests, vaccinations, and non-narcotic prescriptions. Appointments are not required. Limited language translation services will be available. The free clinic will be located at 730 Steekee Road, Loudon TN, 37774

On May 6, 2024, 6 PM at the Courthouse Annex in Loudon, Tennessee, Loudon County Commission will consider appropriating funds to the following organization to provide assistance in continuing their respective service for the citizens of Loudon County.

**Audit**  
also has recommendations for clinicians on monitoring, testing, and antiviral treatment for patients with suspected or confirmed avian influenza A virus infections.

This is the second person reported to have tested positive for influenza A(H5N1) viruses in the United States. A previous human case occurred in 2022 in Colorado. Human infections

with avian influenza A viruses, including A(H5N1) viruses, are uncommon but have occurred sporadically worldwide. CDC has been monitoring for illness among people exposed to H5 virus-infected birds since outbreaks were first detected in U.S. wild birds and poultry in late 2021. Human illnesses with H5N1 bird flu have ranged from mild (e.g., eye infection, upper respiratory symptoms) to severe

illness (e.g., pneumonia) that have resulted in death in other countries.

H5 bird flu is widespread among wild birds in the U.S. and globally. These viruses also have caused outbreaks in commercial and backyard poultry flocks, and sporadic infections in mammals. HPAI in dairy cows was first reported in Texas and Kansas by the U.S. Department of Agriculture (USDA) on March 25, 2024. Unpasteurized milk from sick cattle collected from two dairy farms in Kansas and one in Texas, as well as a throat swab from a cow in another dairy in Texas, tested positive for HPAI A(H5) viruses of the genetic clade 2.3.4.4b, which is the same clade that is widespread among birds globally. On March 29, 2024, USDA's National Veterinary Services Laboratories (NVSL) confirmed HPAI in a Michigan dairy herd that had recently received cows from Texas. The USDA Animal and Plant Health Inspection Service (APHIS) is providing regu-

lar updates on detections in dairy herds, as well as information on epidemiological findings and biosecurity guidance for farmers and veterinarians. Preliminary analysis of A(H5N1) viruses has not found changes that would make these viruses resistant to current FDA-approved flu antiviral medications, so these are believed to be effective against these viruses. Candidate vaccine viruses (CVVs) developed against related clade 2.3.4.4b viruses are available for vaccine manufacturing if necessary and preliminary analysis indicates that they may provide reasonable protection against H5N1 influenza viruses. Seasonal flu vaccines do not provide protection against these viruses. Analysis of virus samples is ongoing.

CDC is working closely with state and federal agencies, including USDA, the Food and Drug Administration (FDA), and local health authorities to further investigate and closely monitor this situation.

### Horoscopes

#### Horoscope

**Aries 3/21-4/19**

Your mind is like a sponge today, Aries, eager to absorb all sorts of information. Take care that the information you're absorbing is accurate. There's a high likelihood that the fascinating news you hear is mostly a mix of fantasy and fiction.

**Taurus 4/20-5/20**

If you aren't careful, there's a strong possibility that you'll overindulge today, Taurus. Your career frustrations may manifest in the form of overeating, excess drinking, or reckless spending. These are just symptoms masking the real problem.

**Gemini 5/21-6/20**

You're too hard on yourself, Gemini. If things haven't gone exactly as planned over the last few days, there's no sense in berating yourself over it. As long as you did the best that you could, what's the problem? It's likely you've experienced a de-

lay and not a cancellation.

**Cancer 6/21-7/22**

You're especially intuitive today, Cancer. If this is a fairly new occurrence for you, you could be at a loss as to how to make the most of this gift. Only you can know for sure, but one suggestion is to reflect on changes that you'd like to make at work.

**Leo 7/23-8/22**

Today's planetary aspects indicate that this is likely to be a day of excess, Leo, some of it good, some of it not so good. Take care not to overindulge in food and drink. You could be merely acting out your stress with such behavior.

**Virgo 8/23-9/22**

You should make an effort to be patient and tolerant, especially at the office, even though you might not feel like it, Virgo. You'll likely take a lot of deep breaths as projects get delayed and meetings drag on.

**Libra 9/23-10/22**

This could be a day of inner

turmoil, Libra. You'll rethink some of your fundamental values, unsure if they're still relevant to your life. It's clear that some soul searching is needed. There are no right or wrong answers, only what is in your heart.

**Scorpio 10/23-11/21**

You need to pull yourself up by the bootstraps, Scorpio. Why not take a few steps back and try to look at your life more objectively? Regardless of what you might be thinking at the moment, you do have a terrific life.

**Sagittarius 11/22-12/21**

A particularly tricky situation could occur at work. If you aren't careful, you could lose your cool. Make a concerted effort to keep your wits about you, Sagittarius. It could be that a colleague is baiting you, but that's no reason to take it.

**Capricorn 12/22-01/19**

Boy, your life seems seriously out of balance, doesn't it, Capricorn? Today provides an

opportunity to rethink what is truly important. Consider exercise as one way to improve your health and manage your stress level.

**Aquarius 1/20-2/18**

You like to feel needed, Aquarius, but today you might throw up your hands and say, "Enough!" You've given so much of yourself for so long that friends and loved ones tend to think of your largesse as a right rather than a privilege. Today, remind them of their error.

**Pisces 2/19-3/20**

You could be overwhelmed with information today, Pisces, as you receive more phone calls and email messages than you can possibly answer. Be clear about your priorities and stick with them. Otherwise, you're likely to spend the day being batted around the court like a tennis ball. Take a lot of deep breaths throughout the day and make an effort to keep your temper in check.
