CDC warns of Salmonella outbreaks linked to backyard poultry flocks

A CDC investigation notice regarding outbreaks of Salmonella infections has been posted: <https://www.cdc.gov/salmonella/backyardpoultry-05-24/index.html>

Key Points:

109 people from 29 states have gotten sick from Salmonella after touching or caring for backyard poultry. 33 people have been hospitalized and no deaths

have been reported.

In this outbreak, 43% of the people infected with Salmonella are under 5 years old.

Backyard poultry can carry Salmonella germs even if they look healthy and clean. These germs can easily spread to anything in the areas where the poultry live and roam.

You can get sick from touching your backyard poultry or anything in their environment and

then touching your mouth or food and swallowing Salmonella

What You Should Do:

Wash your hands immediately after touching backyard poultry, their eggs, or anything in the area where they live and roam.

Agg. Assault

William Nicholson, 24, Rest Camp Road Lenoir City, was charged with Aggravated Child Abuse/Neglect, and Aggravated Assault x2.

Deputy Craig Brewer LCSO, was dispatched to Rest Camp Road Lenoir City Tennessee to a report of a domestic disturbance. While in route to the address the deputy was informed that the altercation had become physical, and that William Nicholson was armed with a knife. On arrival the deputy found William Nicholson sitting in a gray vehicle in the driveway. The deputy detained him and placed him in my patrol vehicle hand-

cuffed. On talking with victims, found that Mr. Nicholson was inside the residence when they arrived at the address.

On them pulling up Mr. Nicholson came out threatening victim 2 with a sharp pick. Victim 1 had her 8-month-old child, in her arms and was trying to stop Mr. Nichols. Mr. Nichols swung her and the child to the ground while still holding the pick. He then continued after victim 2. grabbed a shovel to try and protect himself from Mr. Nicholson. They finally separated when the victim 2 called for the police.

Mr. Nicholson's actions did put the 8-month-old child in danger of being harmed and

or seriously injured. Mr. Nicholson and victim 1 reside together and have children in common.

On the way to the jail Mr. Nicholson kept threatening

to go back and finish the victim 2 off. Mr. Nicholson also admitted to being under the influence of a narcotic. This did happen in Loudon County Tennessee.

John Brackett, 45, Gayle Avenue Lenoir City, was charged with Possession of Handgun while under the Influence.

Deputy Watson LCSO, observed a red pick up truck traveling on Loudon Ridge Road toward Harrison Road. The vehicle had expired registration displayed on the vehicle. The deputy stopped the vehicle for the above infraction and made contact with John Brackett (Offender/Arrestee). The deputy detected a strong odor of an intoxicant emitting from inside the vehicle. The deputy asked Mr. Brackett to exit his vehicle and step back to his patrol vehicle. Mr. Brackett took a second to exit his vehicle. Mr. Brackett agreed to perform SFSTs/ARIDE testing and performed satisfactory. The deputy detected a extremely strong odor

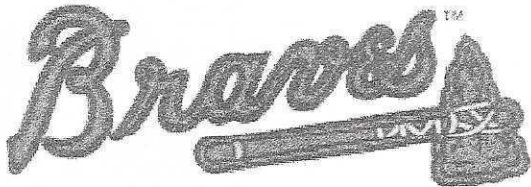

of an intoxicant emitting from Mr. Brackett and he admitted to drinking prior to leaving his house. The deputy walked back to the vehicle to determine if Mr. Brackett had an alcoholic beverage in plain view. I observed a black firearm in the floorboard that had not been present on his initial approach. The deputy retrieved the firearm from the vehicle due to his suspicion that Mr. Brackett was under the influence and him admitting he had consumed alcohol. Mr. Brackett admitting to having the firearm in his pocket and removing it prior to exiting his vehicle. Mr. Brackett was in possession of a handgun while under the influence of alcohol. The deputy placed Mr. Brackett into custody and transported him to the Loudon County Jail. The firearm was placed into evidence.

Unemployment

perienced the state's highest rates of unemployment, they still decreased and were below 5%. Both counties recorded rates of 4.1%, which was a 0.4 of a percentage point drop for Clay County. Lauderdale County's rate went down 0.4 of a percentage point in April.

Bledsoe County had the second-highest jobless rate at 3.9%, which was 0.3 of a percentage point lower than the rate it recorded in March.

A complete analysis of the unemployment data for each county, along with data for Tennessee's cities and metropolitan and micropolitan areas, is available here.

County unemployment rates are not adjusted to take into consideration seasonal impacts on employment such as school breaks, severe weather events, and jobs during the holiday season.

One week ago, TDLWD reported that the statewide seasonally adjusted unemployment rate had dropped 0.1 of a percentage point to match Tennessee's all-time low unemployment rate of 3.1%.

School is out for the year across Tennessee. Young adults ages 14-24 still have time to take part in YEP, Tennessee's Youth Employment Program. YEP matches participants with employers who can mentor them through

meaningful employment. The state-funded program allows each young person to earn up to \$4,000. Local partners across the state handle the administrative duties for the hiring process, insurance, and pay the participant's wag-

es. Interested individuals and employers can learn more at YEPTN.com.

The state of Tennessee will release the statewide unemployment data from May 2024 on Thursday, June 20, 2024, at 1:30 p.m. CDT.

around flocks. Young children are more likely to become very ill from Salmonella.

Don't kiss or snuggle backyard poultry, and don't eat or drink around them. This can spread Salmonella germs to your mouth and make you sick.

Handle eggs safely.

Call your healthcare provider right away if you are experiencing any severe symptoms of Salmonella.

What Stores Selling Backyard Poultry Should Do:

Source poultry from hatcheries that take steps to reduce Salmonella

Clean and sanitize poultry display areas between shipments of new poultry.

This informational poster describes ways to stay healthy with backyard flocks. Place it right beside flock display areas, and hand it out to customers.

What Backyard Poultry Hatcheries Should Do:

Use best management practices to help prevent Salmonella in poultry.

Participate in the voluntary USDA-NPIP U.S. Salmonella Monitored Program and certify that your flocks are monitored for Salmonella germs.

Provide health information to owners and potential buyers of poultry before purchase.

Salmonella Symptoms:

Most people infected with Salmonella experience diarrhea, fever, and stomach cramps.

Symptoms usually start 6 hours to 6 days after swallowing the bacteria.

Most people recover without treatment after 4 to 7 days.

Some people—especially children younger than 5 years, adults 65 years and

older, and people with weakened immune systems—may experience more severe illnesses that require medical treatment or hospitalization.

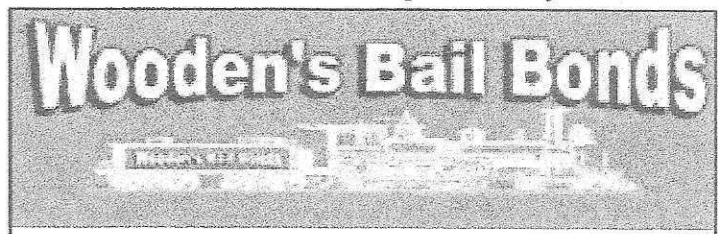

For more information about Salmonella, see the Salmonella Questions and Answers page.

If you have questions about cases in a particular state, please call that state's health department.

U.S. DEPARTMENT OF HEALTH AND HUMAN SERVICES

Whether diseases start at

home or abroad, are curable or preventable, chronic or acute, or from human activity or deliberate attack, CDC's world-leading experts protect lives and livelihoods, national security and the U.S. economy by providing timely, commonsense information, and rapidly identifying and responding to diseases, including outbreaks and illnesses. CDC drives science, public health research, and data innovation in communities across the country by investing in local initiatives to protect everyone's health.

Horoscopes

will center on the means you use to fulfill yourself in terms of both your career and love life.

Cancer 6/21-7/22

It's an excellent forecast for you, Cancer! Although no specific events will occur, there is the huge promise of freedom over the next seven months. A fundamental shift is about to occur in your occupation and love life. As the months unfold, you can expect to be more visionary, more creative, and perhaps more rebellious.

Leo 7/23-8/22

To understand the major shift that's taking place, Leo, you must look at events from a lofty perspective. A slow-acting liberation is gathering momentum. In the next seven months, you'll be unable to resist the opportunity to rid yourself of some oppressive part of your past. You'll shed your old complexes and emerge renewed. Don't be

alarmed if some family relations suffer as a result.

Virgo 8/23-9/22

The gentle winds of change are blowing through your life at the moment, Virgo. You have a feeling of newness and an open attitude toward the world. Some outside events will be coming up in your life that give you the impression you're advancing in a concrete manner toward a new life.

Libra 9/23-10/22

The idea of a turning point in one's destiny often brings a smile to the faces of cynical people, but in your case, Libra, it definitely has some meaning. This turning point can take the form of a new person in your life or a key event that changes things forever.

Scorpio 10/23-11/21

It may be that you've returned deeply changed from a long voyage, Scorpio. Of course, we're all changed to some extent by travel, but in your case, the change is truly profound. You're going to have some problems getting back into the life you had before you left.

Your old life is likely to feel too limiting to you.

Sagittarius 11/22-12/21

If you feel suffocated by your romantic relationships, if you feel they lack some spice or are too traditional, then why not liberate yourself? There is a feeling in the air that life is turning in a positive direction. This will help you set things up to turn even your craziest ideas into reality.

Capricorn 12/22-01/19

During the last few months, Capricorn, it could be that you've met some strange people who have greatly influenced your attitude about marriage or partnership. They've been pushing you to get more freedom into your life. If this is indeed the case, you can feel quite sure that they've come under a cosmic influence.

Aquarius 1/20-2/18

The last months have been very challenging - and there's a very good chance that you no longer feel up to meeting the challenges. If you've been yearning to modify

something in your daily life, do it now, Aquarius. The hour has come to make concrete changes.

Pisces 2/19-3/20

A change has occurred in our solar system, Pisces, a shift that will probably be imperceptible but nonetheless profound. You have seven months to understand how this change impacts you. It will dawn on you that you feel a strong need for liberation.

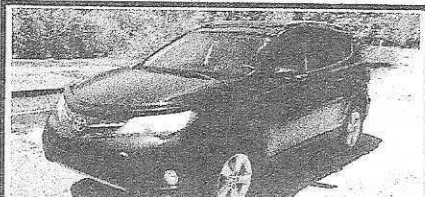

Aries 3/21-4/19

You mustn't expect any enormous changes today, Aries. However, the process you began three or four years ago will accelerate slightly. You're changing the moorings of your identity, the ideas that make you sure of who you are.

Taurus 4/20-5/20

The day should be fairly positive, Taurus, and you'll begin to feel the faintest hints of a major change beginning. This new phase will last seven months. As it progresses, you'll find greater freedom of expression.
